SAMUEL OYINPREYE DRESSMAN

DEVOPS AND CLOUD ENGINEER

Nigeria | [GitHub](#) | [Linkedin](#)

Email: samueldressman20@gmail.com | Phone: +2349110001263

PROFESSIONAL SUMMARY

Results-driven Cloud and DevOps Engineer with expertise in Azure and AWS. Skilled in designing and implementing scalable, reusable CI/CD pipelines using Jenkins, Azure DevOps, and GitHub Actions. Experienced in containerization and orchestration with Docker and Kubernetes (AKS and EKS), as well as container registries such as ACR and ECR. Proficient in infrastructure as code with Terraform, Bicep, and ARM templates to automate deployments and optimize performance. Adept at embedding security practices, troubleshooting complex issues, and collaborating across teams to deliver reliable, scalable, and cost-efficient cloud solutions.

PROFESSIONAL EXPERIENCE

DevOps Engineer   **JUL 2025 - PRESENT**

Enbros Technologies Ltd, Uyo, Nigeria.

- Design and automate CI/CD pipelines in Azure DevOps for applications and containerize workloads, improving release speed and code quality.
- Build and manage scalable cloud and container infrastructures with Terraform, Bicep, ARM templates, and automation scripts (PowerShell, Azure CLI).
- Implement containerization with Docker, ACR, and AKS, embedding DevSecOps practices (image scanning, Key Vault, RBAC) and deploying monitoring solutions to enhance reliability and reduce cost.

Cloud Support Engineer - Microsoft Azure   **OCT 2022 – JUL 2025**

Teknowledge, Victoria Island, Lagos, Nigeria.

- Educate customers on efficient Application Programming Interface Management (APIM) and Azure Resource Manager (ARM) management practices, contributing to a 25% decrease in support requests.
- Investigate and resolve customer support tickets, including those related to Azure services such as Microsoft Azure API Management (REST & SOAP APIs management), Microsoft Azure Resource Manager (ARM/Bicep authoring and deployment), Microsoft Azure Cloud Services (Extended Support and Classic Deployments), and Microsoft Azure Lighthouse.
- Collaborate with internal Engineers on technical escalations and complex issues, analyze logs and performance metrics for root cause identification and providing the best recommendations to address customer concerns.

DevOps Engineer (Intern)   JAN 2024 – OCT 2024

Lagos, Nigeria.

- Manage and automate Linux-based infrastructure across multiple environments.
- Collaborate on DevOps projects, implementing CI/CD pipelines using Jenkins, GitHub, and Azure DevOps Pipelines and deploying containerized applications with Docker and Kubernetes.
- Optimize system performance by tuning Linux configurations and automating routine server maintenance.
- Implement and configure monitoring tools like Azure Monitor, Prometheus, and Grafana to track the performance and health of applications and infrastructure.
- Used scripting (Bash, Python) to automate infrastructure provisioning and deployment processes.

Commerce and Economics Teacher for Secondary Schools   AUG 2021 – JUL 2022

Gold and Silver Int'l College, Gboko, Benue State, Nigeria.

- Foster academic success resulting in a 15% increase in student performance.
- Inspire students to achieve excellence, leading to a 20% reduction in academic-related issues.

Human Resource Manager Assistant   APR 2018 – DEC 2018

Oyebam Hotels and Suites, Ado-Ekiti, Ekiti State, Nigeria.

- Analyzed employees' feedback to develop team initiatives and performance review system which reduced staff turnover by 30%.
- Streamlined departmental operations and brought on board a team that was expert in handling operational issues.
- Identified a series of employment-related legal issues and ensured compliance with legal standards and procedures.

EDUCATION

Higher National Diploma (HND)   DEC 2018 – MAR 2021

Federal Polytechnic Ado-Ekiti, Ekiti State, Nigeria.

Ordinary National Diploma (OND)   DEC 2014 – MAR 2017

Federal Polytechnic Ado-Ekiti, Ekiti State, Nigeria.

CERTIFICATIONS

- Microsoft Cybersecurity Architect (SC-100)   **DEC 2025**
- Azure Developer Associate (AZ-204)   **DEC 2025**
- Security Operations Analyst (SC-200)   **NOV 2025**
- Azure Solutions Architect Expert (AZ-305)   **NOV 2025**

- Azure Security Engineer Associate (AZ-500) **NOV 2025**

- Microsoft DevOps Engineer Expert (AZ-400) **NOV 2025**

- Azure Administrator Associate (AZ-104) **NOV 2025**

- Google IT Support Specialist **JAN 2024**

- Google Data Analytics **AUG 2023**

- National Youth Service Corps (NYSC) **JUL 2022**

- Project Management Professional (PMP) **JUL 2022**

- Human Resource Management Professional (HRMP) **DEC 2021**

- Health, Safety and Environment (HSE 123) **DEC 2021**

SKILLS AND TRAITS

SKILLS:
- Linux System Administration (Ubuntu, CentOS, RHEL)
- Shell Scripting (Bash, Python, and automation)
- Configuration Management (Ansible, Terraform)
- IaC Deployment (Bicep, and ARM Template, and Terraform)
- APIM, Cloud Service, Batch, Azure Resource Management (ARM)
- Containerization and Orchestration (Docker, Kubernetes/AKS/EKS, Azure Container Registry, Elastic Container Registry)
- Cloud Platforms (AWS and Microsoft Azure)
- Application Monitoring (Azure Application Insights, AWS CloudWatch, Prometheus, Grafana)
- Database Management (PostgreSQL, MySQL)
- CI/CD Pipelines (Azure DevOps, Jenkins, GitHub Actions, GitLab CI)

TRAITS: Ingenuity, Resourceful, Accountable, Flexible, Receptive, Creative.
